COUNTY HARBOR BOARD BACKS CITY PORT MOVE

Shaw, Keyston and Beeger to Aid Draft Legislation Enabling Smaller Port Districts

Relinquishing all interest in federal and PWA moneys and its rights in Redwood Harbor, the San Mateo County Harbor District Wednesday notified Redwood City that it will give every assistance necessary to further the port project. Percy J. Shaw of South San Francisco, chairman of the county-wide harbor district, informed Elmore B. Hinman, member of the Council Harbor Committee, of the district's cooperation.

Shaw was joined by S. A. Keyston, secretary, of San Mateo, and Henry A. Beeger of Redwood City, the two other harbor commissioners, in relinquishing their interest in the development.

In his letter, Chairman Shaw said that "it was necessary to abandon further efforts to develop a harbor at Redwood City as a district project" in view of the failure of the county as a whole to support the $460,000 bond issue in August, 1934.

PORT BOARD PLEDGE

The commissioners, in a pledge to Redwood City, declare:

"The proposal now being made of handling the development as a municipal project meets with no objections from the county harbor commissioners and although the site to be developed is within the boundary lines of the district and under the jurisdiction of the harbor commissioners, the commissioners will surrender jurisdiction to the municipality of Redwood City to enable it to develop its own harbor."

Definite assurance that the commission "will not take jurisdiction over the harbor facilities if and when created through municipal funds" is given by the harbor board.

TO REMOVE BARRIERS

Offering their assistance in removing legal barriers, the port commissioners declared they "stand ready to assist in the enactment of any legislation necessary to remove legal obstacles in the development of the Redwood City harbor project as a municipal project."

"The above assurance is given," the commissioners declared, "to enable the municipality of Redwood City to proceed with any form of harbor development that they may deem proper, financed by municipal and federal funds, without any interference from the district county harbor commissioners."

NOTICES GO FORWARD

Formal notice was to be forwarded to PWA State Engineer A. D. Wilder in San Francisco today by Acting City Manager Charles Dimmitt and City Clerk B. E. Myers that the municipality is reviving the county harbor project.

Attention is called to the PWA officials that the project is an old one which already has been given the stamp of approval. It is also called to their attention that the harbor is in close proximity to the Sunnyvale army air base and therefore has the military aspect essential to win federal funds at the present time.

WAR BUREAU PLEA FILED

Redwood City's formal appeal to the war department to accept the municipality as sponsor of the project was also in the hands of Lieut. Col. J. A. Dorst, district engineer, United States Army, in Thursday morning's mail.

Meanwhile, citizens here continued to show an unusual interest in the port project and were enthusiastic over the chances for success and what it would mean in the way of developing the county seat.

Claims Is Sole Kin Surviving P. A. Merchant

Ex-Congressman Files Notice of Contest; Hearing Continued

Represented by former Congressman Arthur M. Free of San Jose, another claimant to the James Frazer $300,000 estate appeared in superior court Monday as the case was called for trial before Judge Maxwell McNutt. As a result, the hearing to determine heirship was postponed once again, this time to January 7.

The newest claimant, who brings the total to 50, wants the entire estate, on the grounds that he is the sole heir of the late Palo Alto merchant who died more than a year ago in San Mateo without leaving a will.

According to Attorney Free, the claimant is John Burns of Newry, Ireland. In tracing Burns' ancestry, Free learned that James Frazer was born December 27, 1857, in Valley Moyer, Ireland, to Mr. and Mrs. John Frazer. One other child was born to this union, Elizabeth, who married a Samuel Burns. Their only offspring was the claimant, John Burns.

CITES TWO VISITS

Free, who entered the case only two weeks ago, says he has learned James Frazer as a young man went to London to learn the linen trade, then migrated to New York in 1886 where for a while he worked for McCutcheon & Company, importers, before coming on to San Francisco.

As proof of this, and consequently as proof of Free's contention his heir is the rightful one, the attorney says they know of two witnesses who will testify as to visits with Frazer in Palo Alto, and of hearing him tell of his early life. One of the witnesses, however, is yet to be located, but is believed to live in Chicago. His name is William Quigley. He claims his father, Edward Quigley, on a trip to this country from Ireland, looked up Frazer in Palo Alto. Accompanying him on the trip was the then young son.

The other witness, name of whom is not known by Free but who has been found by solicitors in Ireland, where an intense game of finding alleged Frazer relatives has been played for the past year, also visited Frazer in Palo Alto, seeking a job from him, according to the San Jose attorney.

THREE OTHER FAMILIES

Strengthening his claim, Free said, is the fact attorneys for three other families claiming relationship to the mystery merchant fail to show their James Frazer worked for McCutcheon & Company. Free says it is a known fact that the Palo Alto merchant worked for McCutcheon.

The complicated estate has had two other families claiming kinship to Frazer, but they have withdrawn.

A battery of attorneys was in court again today on the case, complicated by the commonness of the name James Frazer in Ireland. One group of would-be heirs possesses old letters purportedly written to his family by Frazer while a struggling young merchant in London. These letters, it is claimed, bear the same handwriting as that familiar to Frazer's Palo Alto associates.

Walter J. Chester Injured in Accident

Walter J. Chester, elderly painter, 621 Cassia street, received a fractured arm, broken finger and cut nose Wednesday when the bicycle he was riding collided with a machine driven by Charles H. Doxsee, sign painter, 114 Stambaugh street.

After emergency treatment by a local doctor, Chester was taken to the Mills Memorial Hospital at San Mateo.

Doxsee told police that Chester had run squarely into the side of his machine at the intersection of Maple street and Middlefield road.

Egg Inspection Plan Approved By Supervisors

Offerings of Stores Will Be Subjected To Candling Test

Inspection by candling and weighing of eggs offered for sale in retail stores in order to protect consumers from inedible and short-weight products was ordered Monday by the San Mateo County Board of Supervisors in compliance with new state laws.

County Agricultural Commissioner Max Leonard and H. W. Koster, supervising inspector, State Bureau of Fruit and Vegetable Standardization, Department of Agriculture, secured the board's approval for the inspection, which will require an outlay of $525 until the end of the fiscal year for salary and mileage.

INFERIOR EGGS BARRED

Leonard said the inspection in San Mateo county is necessary if the peninsula is to be protected from the dumping of inferior grades of eggs from other counties in which they have been barred.

Several specimens of eggs unfit for consumption and the process used in determining their edibleness were shown by Koster and Leonard in a demonstration before the board.

CANDLING NECESSARY

Small producers of eggs will not be visited by the inspectors, who will examine the eggs offered in the market places.

In view of the intended inspection, it is held probable that the producers will be affected to the extent of candling their own eggs and making certain that none but the best grades are offered the retailers in the first place.

Heretofore there has been no inspection by the county, Leonard said.

SEWER HEARINGS SET

Public hearings on the formation of the Montara and Brisbane sewer maintenance districts were set by the board for 2 p. m., Monday, December 23.

One hundred and forty residents of Brisbane, through Attorney W. H. Morissey, petitioned for the formation of the Upper Peninsula district.

Giles Johnson, Montara, has been representing the Montara petition.

Formation of the maintenance districts is necessary to secure federal funds for sewer work in the two areas.

OTHER MATTERS UP

Claim of Milton T. Farmer and Wells Fargo Bank for $1500 for rock allegedly illegally taken from a Canada road quarry was referred by the board to the district attorney.

Similar action was taken on the claim of Mrs. Mabel Grihault for $25 for rental of an apartment formerly held by Kathleen Robinson, San Mateo murder victim, which had been sealed during the coroner's inquiry.

Claims of three Colma truck gardeners for damages suffered assertedly through diversion of flood waters, were deferred pending inspection of the drainage project by the individual board members.

The sum of $50 was voted Chief John Harper of the probation board for the juvenile home occupants.

Agreement between the state and county for expenditure of state funds of $1575 on fire trails was approved.

The board recessed to 2 p. m.

$90,550 in Projects Proposed in S. M.

(Special to The Tribune)

SAN MATEO, Dec. 2—City Manager E. P. Wilsey of San Mateo announced today he would submit a works program contemplating expenditures totaling $90,550 for the next fiscal year to the city council when it convenes this evening.

Of this $90,550, Wilsey expects $60,440 to be furnished by the WPA, $17,910 by the city, $6500 by the gas tax funds and the rest by special assessment and other funds.

Largest project of the 18 included in Wilsey's program involves $26,000 for the extension of Delaware street.

Bayshore City Heads Revoke Bingo Permit

BAYSHORE CITY, Dec. 4.—The Bayshore City Council last evening revoked a permit which it had granted to operate a bingo resort here. Councilmen refused to disclose the name of the person to whom the permit had been issued. This is the second community in the county to cancel such a permit. Daly City has taken similar action.

'EXAM' INQUIRY QUASHED

(Special to The Tribune)

SAN MATEO, Dec. 4.—A resolution providing for investigation of all examinations of police and fire departments for the past six years was opposed to the council by City Councilman Emil Stein, but voted down 3-2 vote. Stein declared he wished the exhaustive search made to quell rumors appointments had been made without examinations.

Concrete Worker Of Menlo Park Dies

(Special to The Tribune)

SAN MATEO, Dec. 4.—Long illness had ended today in death for Ralph Simonini, 47, Menlo Park concrete worker, who passed away at a local hospital. He is survived by his widow, Lena, and by two children, Aida and Lawrence. Tinney and Sons mortuary in Palo Alto are in charge of the funeral arrangements.

STUDENTS VISIT BANK OF AMERICA VAULTS

Six McKinley students are shown here in the vaults of the head office of the Bank of America in San Francisco where they were the guests of the School Savings Department. Left to right are Cornelius Foley, bank employe, and Joseph Fay, Josephine Giannini, Dorothy Allain, William Robinson, Lillian Dixon and Catherine Dimmens. The Mckinley class, 80 in all, was the largest to visit the bank, Thomas Giannini, who made the arrangements, reported. Giannini had the three busloads of school children met at the county line by a San Francisco police escort and conducted the sudents through the bank

Lineman Killed By High Voltage In Fall Off Pole

LAWNDALE, Dec. 4.—When he slipped while working on a power pole and reached out to catch a wire to stave off a fall, George Grider, 50, of San Francisco, Pacific Gas and Electric Company lineman, was electrocuted here late yesterday.

The wire bore 4000 volts. South San Francisco and Daly City firemen worked with an inhalator for six hours over Grider's body but failed to revive him.

The accident occurred near the Holy Cross cemetery on Hillside road in Lawndale.

Special Design Plane Visits Airport Here

Visitors at the local airport Sunday were members of the San Bruno Flying Club, with a special design monoplane built by members of the club; members of the San Francisco Flying Club, flying a Velie Monocoupe, and James D. Zellerbach, son of the prominent San Francisco paper manufacturer. Young Zellerbach is attending Stanford University and chartered a plane at the local field Sunday to take moving pictures of the university campus.

Growing interest in the local field has made it necessary to bring in additional planes to take care of the passenger business and next Sunday several planes of larger capacity will be available, according to Cliff Walk, local airport manager.

Numerous Arrests Fail to Get Burglar

Roundup of 15 "vagrants" in the past few days by the police department has failed to disclose identity of the mysterious prowler who has ransacked houses here, in San Carlos, Palo Alto and Burlingame, Chief of Police C. L. Collins said today.

Of the 15 vagrants, all of whom have been ordered out of town under threat of jail sentence by Police Judge Edward I. McAuliffe, four were found to have records of previous arrests. James Carson and John Murphy both have served terms in San Quentin and Folsom prisons, while Harry Leo Gibbs and James Cole have been arrested on numerous occasions for various offenses, state identification bureau experts advised the local officers.

Fingerprints taken of all the suspects clears them of complicity in the burglary cases, where prints were left by the thief.

Still Operator Wins Probation of Cotton

For operating a still in San Mateo without a license, Wong Hog was fined $20 by Superior Judge A. R. Cotton on Monday and put on a year's probation. Hog was found guilty by Police Judge Arthur H. Stetson in Mateo court and certified to court for sentence. He was given 30 days to raise the fine.

INDIAN SKELETONS UNEARTHED

Ditch Workers Find Burial Ground

DAYS OF REDSKINS RECALLED

Browned skeletons of bronzed Indians who fished in Redwood Harbor and roamed and hunted in nearby hills four centuries ago while the Spaniards were first exploring California have been unearthed 700 feet west of the Washington school on the Woodside road by WPA workers excavating for the culvert project.

Portions of several of the skulls, including well preserved jawbones with teeth intact, were brought to the Redwood City Chamber of Commerce office by Ike Stage, under whose immediate supervision the concrete culvert is being built to replace the dangerous ditch which parallels the heavily traveled highway. The bones are on display in the office today.

Picks and shovels grated into six complete skeletons, several exceptionally well preserved, while the laborers were digging only a hundred feet of trench.

Since no attempt was made to depart from the regular course of the ditch as planned by engineers, it is believed many more bones of warriors, their squaws and possibly children lay within the immediate vicinity. One opinion was that the E. V. Hoenck place, in front of which the discovery was made, may be the main part of a burial ground.

None of the skeletons was interred more than about three feet deep. All were scattered, as if in graves. No marks which would indicate the humans might have died by violence were found on the bones or skulls.

Contrariwise, however, no drapings or leather or cloth-like material in which humans might have been wrapped when buried was found. But if the skeletons are of a people who inhabited this region 400 years ago, any material likely would have been decomposed and become a part of the earth long before this.

Age of the skeletons was estimated by scientists at Stanford University, to whom several sets of bones were taken, Stage said.

Other sets of the human remains were taken home by workmen who made the discoveries.

Chamber of Commerce Secretary-Manager Roscoe Wyatt, student of San Mateo county history, said the Indians probably were of the "Costanoan" or coast tribe, but have often been referred to as the "Digger" Indians.

Locating of Indian burial grounds is not unusual on the peninsula. In fact, according to Wyatt, Main street, of which Woodside road is a continuation, was at one time in early days of Redwood City known as Mound street because of the frequency of Indian burial mounds on each side of that thoroughfare.

Only last year Indian skeletons were found in Burlingame during an excavation project.

Oddly enough, however, the local burial ground was found but a short distance from Redwood City's present burial ground, Union Cemetery.

Mrs. Pfenninger Succumbs Here; Rites Wednesday

Last rites for Mrs. Lizzie R. Pfenninger, who died in a local hospital on Monday, were held under auspices of Jewel Chapter No. 238, Order of Eastern Star, at Wieboldt's Funeral Parlors, 835 Valencia, San Francisco, at 2 p.m. Wednesday.

Mrs. Pfenninger, mother of Mrs. Earl D. Baird of 1430 Roosevelt street, lived at 260 Lincoln avenue. She was born in San Francisco nearly 76 years ago. She was the widow of Walter W. Winkley and a sister of the late Mamie Winterrodd.

Besides the Eastern Star membership, Mrs. Pfenninger held membership in the Alta Parlor, No. 3, Native Daughters of the Golden West, and belonged to the Past Matrons and Past Patrons' Association.

Permit for Pavilion Will Be Considered

To consider application of Ralph Oneta to construct a dance pavilion on the north side of Canada road three miles north of Woodside, the planning commission will meet in special session at 10 a. m. today in the courthouse.

Martha Carter Passes at Home Of Her Daughter

Mrs. Martha Carter, 86, passed away on Tuesday at the home of her daughter, Mrs. Inez Griffiths, 255 Laguna street.

She was a native of Steuben county, Ind. She had lived in this city for the past eight years.

Mrs. Carter is survived by three daughters, Mrs. Erma Dempsey and Mrs. Inez Griffiths of Redwood City and Mrs. Della Hankel of Chicago.

She was the widow of William Carter and mother of the late Charles Carter.

The following grandchildren also survive: Charlotte and Dorman Griffiths and John Dempsey of Redwood City; Mrs. Louisa Moore of Oregon and James Hankel of Chicago. Two great grandchildren, Grace and George Moore, also survive.

Funeral services will be held Thursday at 2 p. m. at the Layng & Tinney Funeral Home, with the Rev. C. H. Gatchell, pastor of the First Baptist Church, officiating. Interment will follow in Alta Mesa Memorial Park.

Beavers use their tails to slap out signals on the water surface and to steer themselves while swimming.

REDWOOD CITY ASSUMES FULL PORT SPONSORSHIP

War Department Asked to Accept City As Suitable Agency To Finance Project

Full responsibility for Redwood City harbor development was assumed by the city council Monday night, and authority of the chief of engineers, United States Army, for Redwood City to become sponsor of the project is sought in a resolution under adoption today.

The city council also authorized Acting City Manager Charles Dimmitt to forward an immediate appeal to PWA officials in San Francisco asking federal assistance on the project.

The two actions came following a report by City Councilman Paul McCarthy informing the board of the successful interviews held Saturday with Lieut.-Col. J. A. Dorst, district engineer, war department, and L. H. Wiegel, assistant in the office of PWA State Engineer A. D. Wilder.

McCarthy informed the board that the Redwood City delegation was "favorably received" by Lieutenant-Colonel Dorst and Capt. H. S. Pond, and were informed by the army engineers that no insurmountable obstacles appeared in the way of harbor development here.

By resolution and letter, the council asked of the war department:

(1) That it accept substitution of Redwood City as sponsor of the project in the place of the San Mateo County Harbor District;

(2) That it give assurance if port facilities are provided by the municipality at its expense the dredging work in the channel will be carried out as contemplated by the war department;

(3) That modified plans for the port facilities be approved.

On the first point, that of substitution of Redwood City for the San Mateo County Harbor District, the council is acting under powers specifically set forth in the city charter which give the city the right to develop its natural waterways.

ASSURANCES SOUGHT

Assurance asked for the dredging is that the federal engineers will approve the present agreement which calls for $188,000 channel work, $94,000 of which is to be assumed by the government.

The channel project, covering in the report of Major General Lytle Brown, then chief of engineers, cials for a channel 27 feet deep and 200 feet wide from deep water in San Francisco bay to the port facilities upstream and southerly of the confluence of West Point slough and Redwood creek.

The recommendation includes a turning basin opposite the wharf 27 feet deep, 1800 feet long, and 700 feet wide, all dredging to be done at an estimated cost of $188,000, exclusive of the shoals, which will be removed at federal expense.

Modified plans call for a public wharf of 450-foot frontage, unless a greater length is required; a transit shed 75 feet by 160 feet, the balance of the wharf frontage to afford open wharf facilities until further transit shed area is required; and adequate rail and highway facilities.

COSTS AROUND $200,000

It is anticipated that Redwood City's costs on the project will not exceed $200,000, which is estimated at about one half of what will be spent on the immediate project. Federal participation to a similar amount will be secured in the channel dredging and in the San Bruno shoal removal, and these costs are added to what already has been expended, a development worth close to $800,000 will be provided.

Acting Manager Dimmitt and City Clerk B. E. Myers will forward at once a letter notifying WPA Engineer Wilder of the city's intention to revive the old county harbor application, which previously has been approved, and to secure a re-allotment of funds once offered on the project.

This will be followed up by the actual filing of the PWA application which Dimmitt will rush to San Francisco as soon as the harbor plans are completed.

Action of the council Monday authorizing the harbor steps, which won unanimous approval, came upon motion of Councilman McCarthy and second of Councilman James Eva, and the PWA application was ordered on motion of Councilman McCarthy and second of Councilman Louis Christensen.

BOX CAR BURGLARY CHARGE

A 15-year-old boy who allegedly broke into a box car in a Southern Pacific yard in the north end of the county was being held in the county jail today for juvenile authorities.

REPUBLICANS MAP CONGRESS DRIVE

Coast District Forms New Organization Over Week-end

Republicans of the eighth congressional district today were scouting around for a candidate to carry their colors in the coming congressional campaign, as a result of a week-end meeting in Monterey at which an organization, first in the state, was effected.

S. F. B. Morse of Monterey, unanimously elected chairman of the new organization, expressed hope similar committees shortly will be formed in other congressional districts of the state, as a basis of state organization.

Members of the county central Republican committees of San Mateo, Santa Clara, San Benito, Santa Cruz and Monterey counties will form the district committee, plus members chosen by the executive committee from other party organizations in these counties.

NAME COMMITTEE LATER

Morse said the executive committee will be named later.

Chairmen Worth Brown of Santa Cruz, county committee and Ed Cashel, Palo Alto, of the Santa Clara county committee, were named vice chairmen of the district group, with George Gould of Salinas, secretary-treasurer.

One of the major objectives of the new organization is to find a strong opponent for Rep. John J. McGrath, San Mateo Democrat.

Strength of the incumbent was conceded by Chairman Morse because "he has done an effective job taking care of local interests and has plenty of support from the national administration."

YOUNG, PETERSON DISCUSSED

Strong possibility as a candidate for the Republicans is former Governor C. C. Young, who now lives at Hillsborough.

He is known to have been approached on the subject of becoming a candidate for the national post, and is believed not averse to it. While defeated twice in gubernatorial campaigns after serving one term as the state's chief executive, he always has polled a strong vote in this district.

Col. Frederick Peterson, assemblyman from this county, also has been mentioned as a Republican candidate for congress.

Neither man has as yet made any announcement, however, other than to admit the subject had been considered.

Frank Figone, 77, Called By Death In S. F. Hospital

Death at 8 o'clock Tuesday night ended a week's illness from appendicitis for Frank Figone, 77, of 741 Lincoln street, Redwood City.

He died in St. Mary's Hospital, San Francisco, where he had been taken Sunday. Previous to the short illness, Mr. Figone had been in good health.

Mr. Figone, a native of Italy, had lived here for the past 10 years since his retirement from the employ of Langley & Michaels in San Francisco. He was a member of the Galileo Grove No. 37, Druids, in San Francisco.

Left to mourn his passing are his widow, Mrs. Katharine Figone, and five children, Miss Ella Figone of Redwood City and Charles Figone, Mrs. Mary Ferrari, Mrs. Della Varacchi and Mrs. Clara Ghiorso of San Francisco.

Ocean Shore Hearing Continued by Judge

Hearing on the Ocean Shore Railroad Company's motion for change of venue in the action brought by the state to establish price of confiscated land was continued today to February 4 when Atty. Anthony DeVota told Superior Judge A. R. Cotton the case would require from three days to a week for hearing.

Mrs. Laura Collins' Mother Succumbs

(Special to The Tribune)

SAN MATEO, Dec. 3.—Mrs. Kate Evelyn Meacham, 82, mother of Deputy County Clerk Laura Collins, died at 11 o'clock last night at her San Mateo home after a long illness.

Born in Terre Haute, Ind., Mrs. Meacham came west with her husband, the late William H. Meacham, veteran newspaperman, who founded the San Mateo Times.

The couple lived 12 years in Redwood City before moving to San Mateo.

Mrs. Meacham was active in charity work and the San Mateo Episcopal Church. She had one other daughter, Jeannette Belle Meacham of San Mateo. Other mourners are her sisters, Mrs. George F. Harris and Margaret Casto of Vallejo; her brother, William Casto of Colorado, and her granddaughter, Mrs. Virginia Reddie of San Mateo.

Private funeral services will be held Thursday at 2 p.m. at Mrs. Meacham's home, 612 Prospect row, San Mateo.

In Great Britain, apricot stones are manufactured into face powder; in Germany, they are made into high explosives.

Girl Succumbs At San Mateo To Crash Hurts

Burlingame Telephone Operator Incurs Fatal Injuries

BURLINGAME, Dec. 2.—Death rode San Mateo county's highways once again this past week-end, accidents Saturday evening and yesterday resulting in the death of an 18-year-old Burlingame girl and injuries to eight other persons.

Jane McKenzie, telephone operator, 27 North Delaware street, was so severely injured here in a collision at 10:30 o'clock Saturday that she died last night at Mills Memorial Hospital where she was rushed with two other critically hurt young women.

They were Elenor Fields, 113 Crescent avenue, San Mateo, fractured ribs, and Dorothy Sisoski, 21, 1508 Burlingame avenue, fractured ribs and possible broken back.

The dead and injured girls were riding with Elwood Winn of Burlingame when his car sideswiped the machine of Harold Evans of San Leandro and overturned, according to police. Mr. and Mrs. Joseph Rice, both of Burlingame, who were also riding in Winn's car, were cut and bruised.

At Daly City, two were hurt when the auto of Sol Wolff of San Francisco struck the parked police car of Officer Thomas Dalton. Slightly injured in the crash were Virginia Gaddis, 23, Colma, and J. F. Farley of San Francisco.

Frank Sesmil, 127 Lytton avenue, Palo Alto, received a dislocated shoulder and internal injuries when his truck struck a freight train at the Willow road crossing near the San Mateo county approach to Dumbarton bridge. He is at the Palo Alto Hospital.

Miss McKenzie was the daughter of J. McKenzie, Burlingame carpenter. A graduate of San Mateo high school, she was well known in the younger set of the north-end of the county.

Chamberlain Estate Pays $240,500 Notes

Largest claim to be signed by Superior Judge A. R. Cotton since he was appointed to the bench, two notes totaling $240,500 held by Ellen S. Chamberlain executed by her brother, the late Selah Chamberlain, were approved for payment from the Woodside capitalist's estate today. Miss Chamberlain has also received amounts of $69,953 and $7,875 for notes given her in the past three years by her brother. All of the notes were secured by stock in the Woodside Company of Nevada, according to papers filed in connection with the court action.

MENLO PARK NEWS

Justin J. Larrecou and Miss Louise D. Layne were united in marriage in San Francisco Tuesday. The winsome bride is the daughter of Mr. and Mrs. E. Layne of Redwood City and for the past five years has resided in Burlingame where the young couple will make their home. Mr. Larrecou is the son of Mrs. Larrecou of Menlo Park.

The sacrament of confirmation was conferred after the 11 o'clock mass Sunday morning by his excellency, the Most Reverend J. J. Mitty, archbishop of the diocese of San Francisco, on 93 boys and girls and three adults. The Church of the Nativity was crowded to the doors for the impressive ceremony. Before conferring the sacrament, the archbishop delivered an eloquent sermon dwelling on the importance of the event. The sponsors were Mr. Adrian Ward and Mrs. L. T. Diebels.

The Ladies' Guild of the Church of the Nativity will hold a rummage sale in one of the vacant stores on the Maloney block today. The ladies have prepared a large assortment of fancy articles.

The infant daughter of Mr. and Mrs. E. J. Derry of Menlo Park was baptized Thanksgiving Day at the Church of the Nativity by the Rev. Father Thomas J. McKeon. She was named Ann.

Albert Wilson of Menlo Park gave an instructive talk on "Gardening as Influenced by Plant Geography" at the recent meeting of the Los Altos Garden Association which was held at the home of Mr. and Mrs. Frank B. Duveneck.

L. O. Renne and daughter, Elsie, have returned to Stanford Park after a trip to their native state, Illinois.

351 AT WORK ON WPA JOBS OVER COUNTY

Sponsor's Outlay Held To $71,959 As U. S. Bears $289,856

Reporting on the first month's activity of his office on WPA projects for San Mateo county, Engineer U. S. Marshall Tuesday advised County Manager Walter Kellogg that at present 351 men are working on federal projects.

He also disclosed that so far nine other projects have been submitted to the WPA office in Burlingame. For the nine projects, the county's outlay is only $71,959, while $289,856 in federal funds is expected to be received to match the county's expenditure. Of the sponsor's contribution, which represents only 19 per cent of the $361,815, total value of the projects, less than half will be in cash outlay. According to Marshall's assistant, W. W. Hendricks, who is WPA coordinator, 10½ of the 19 per cent is represented in use of equipment already owned by the county.

The nine projects include Salada Beach sewer investigation, Belmont road units 1 and 2, Hillside boulevard work, Thirty-ninth avenue work, coastside culverts, North Fair Oaks sewers, Tunitas culvert and Brisbane roads and sewers.

The 351 now working are engaged in labor on the Woodside culvert, Memorial Park sewers, Jefferson avenue grading, San Francisquito creek and parking area at Miramar.

Unit B of the Woodside culvert project, on which 35 men have been employed, was shut down temporarily last night pending approval by Washington of a supplementary project to care for the difference between suburban and metropolitan security wages. The projects were first figured on a lower scale of pay than is now being given the workers.

CHAMBER SETS JANUARY 8TH AS MEET DATE

Officers for New Year Will Be Selected At That Time

Wednesday, January 8, has been set as the date for the annual meeting of the Redwood City Chamber of Commerce, Secretary-Manager Roscoe D. Wyatt announced today.

Preliminary plans for the affair, which likely will be held again this year in Sequoia high school's cafeteria, were made at a meeting of chamber directors yesterday afternoon.

L. E. Wolbert has been appointed by Pres. Edward T. Harrison as general chairman of the meeting.

Named as a nominating committee were Dr. W. B. Langston, Henry Witte and Daniel R. Stafford. All are past presidents of the chamber. Election of officers will be held at the gathering.

Harrison, president this year as well as in 1934, will preside at the banquet, at which a prominent California man, yet to be secured, will speak. Several men are being considered for speaker, according to Secretary-Manager Wyatt.

Redwood City Building Hits Boom Activity

16 New Homes to Cost $100,000 Planned For Acacia Lane

Continuing the present building boom being experienced by Redwood City, three major developments were brought to the attention of the city council Monday night.

First of the projects calls for the construction of a $17,500 medical-dental building to be erected by Drs. Ralph Howe, D. B. Brown, N. M. Mackenzie, S. B. Mackenzie and C. O. Morse at Broadway and Clinton street. Plans were to be presented to City Building Inspector I. C. Drathman for approval, after which the permit will be issued.

$15,000 LAUNDRY

Second of the undertakings will be a $15,000 French laundry to be located in a new two-story concrete building on Jefferson avenue opposite the new postoffice. This project was called to the council's attention by Attorney David Cosgrave on behalf of an unnamed client. Public hearing will be set on the proposal.

Third of the developments was construction of the first of 16 new houses to be erected in Acacia Lane Subdivision just west of Edgewood Park. Water and sewer connections for these homes were asked by Realtor Dave Walter who has charge of the sales.

S. F. CAPITAL INTERESTED

Interested in the Acacia Lane development, which when completed will represent an investment close to $100,000, according to Walter, is G. J. Becker, San Francisco capitalist. The houses will sell for between $5500 and $6500 and will be of New England architecture.

Walter agreed to pay $25 per sewer connection and to furnish the pipe and other facilities for the water service and to turn the system over to the city. Approval was given by the council upon motion of Councilman Evans Fletcher, and second of Councilman Louis Christensen.

Walter also informed the council that he was working on an East Bay client to bring a milk pasteurizing plant to Redwood City to be housed in the old Shasta water building on Shasta street.

Mills Airport Deeds Soon to Be Filed

Final legal steps toward filing the deeds to 460 acres of tidelands of Mills Field properties, as announced Tuesday, will be taken this week, Director of Properties Joseph J. Phillips of San Francisco reported.

Phillips said the field will give San Francisco the greatest combined sea and land airport in the country. Eventual use of the field by the navy is predicted. Meanwhile, Pan American Airways will utilize the project.

Son of Fire Chief Hurt in Cycle Crash

(Special to The Tribune)

SAN MATEO, Dec. 4.—Weldon Singer, 22, son of Fire Chief J. Singer of San Bruno, suffered a compound fracture of the left leg when the motorcycle he was riding was struck last night by a machine driven by Harry Doughty of San Bruno, news carrier.

Singer, according to police reports, was coming out of a service station when the collision occurred. It was also reported that the young man was rushed to the San Mateo County Community Hospital, where he lies today, on a fire engine.

Relief Rolls Drop 291 Cases in Month

(Special to The Tribune)

BURLINGAME, Dec. 4.—San Mateo County's relief rolls numbered 291 persons less December 1 than they did at the beginning of November, according to a report released today by Capt. L. G. McAloney, relief director. Total number of persons on relief December 1 was 838. The total stood at 1129 at the beginning of November.

With a GAS Circulating Heater

WHY are thousands of Northern California families installing a modern Gas Circulating Heater right now? There are many good reasons. Here are just a few:

. . . You just "turn on the heat" with a Gas Circulating Heater. There is no "fooling around" with ordering or handling of fuel. Your house, too, inside and out, is freed of smoke and dust and dirt.

. . . Into every corner of a room, healthful, even temperature is maintained, regardless of varying outdoor weather conditions.

. . . The easiest of all heating plants to install is the Gas Circulating Heater and if automatic thermostat is desired, you may add that at lowest cost.

. . . And when you consider all the factors affecting the cost of year 'round heating, you'll find, as more than 200,000 Northern California families now know—that Gas fuel provides reasonable heating comfort and convenience.

Step up the comfort in your home this winter with a Gas Circulating Heater. Take advantage of the special inducement offer right now. See the many models of smartly designed Gas Circulating Heaters on display everywhere. Buy yours today.

Gas Funds Coming; State Asks Report

Official word that the $50,87[illegible] impounded gasoline tax fund would soon be released to San Mateo county was received in the form of a letter to the supervisors today from Secretary Julien D. Roussel of the state highway department. He said he had advised the state controller the report rendered by the supervisors was acceptable and that a "warrant no doubt will be mailed promptly."

Roussel also expressed interest in the grand jury's recent report on the engineering bureau and asked for a copy of the document which recommended various changes including reduction of personnel and decentralization of the road bureau, changes already effected by County Engineer U. S. Marshall.

LEGAL NOTICE

Edwin B. Harvey Jr., Atty.
NOTICE OF HEARING OF PETITION TO LEASE REAL PROPERTY
No. 6932—Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of WILLIAM J. DUSEL, also known as WILLIAM JOHN DUSEL, Deceased.

NETTIE M. DUSEL, Executrix of the Last Will and Testament of William J. Dusel, also known as William John Dusel, deceased, having filed herein her verified Petition praying for an order to lease certain property of said estate, in said Petition and hereinafter described, and alleging that it will be for the advantage of said estate to lease said real property:

NOTICE IS HEREBY GIVEN to all persons interested in the Estate of William J. Dusel, also known as William John Dusel, deceased, to appear before the Superior Court on the 16th day of December, 1935, at the hour of 10:00 o'clock a.m., of that day, at the Court Room, Probate Department No. 2 of said Court, at the Court House in Redwood City, in the County of San Mateo, State of California, then and there to show cause, if any they have, why the real estate hereinafter described, should not be leased by the Executrix of said Estate for the period of three (3) years, at a rental of Forty and 00/100 ($40.00) Dollars per month for the first year of said term, Fifty and 00/100 ($50.00) Dollars per month for the second year of said term, and Sixty and 00/100 ($60.00) Dollars per month for the third year of said term, and for the option of an additional term of two (2) years at the monthly rental of Seventy-five and 00/100 ($75.00) Dollars upon the terms and conditions mentioned in the Lease accompanying, and made a part of the Petition of said Executrix on file herein, to which Petition reference is made for further particulars.

Said real estate is known as the certain store room commonly known as No. 849 Main Street Redwood City, California, and is a portion of all that certain real property situate, lying and being in the City of Redwood City, County of San Mateo, State of California, more particularly described as follows, to-wit:

Lot Numbered Twenty-eight (28) and the Northerly Fourteen (14) feet, front and rear measurements of Lot Number Twenty-nine (29), Main Street Lots as shown on the map entitled "Town of Mezesville," filed in the office of the County Recorder of San Mateo County August 1, 1856 in Book 1 of Maps at page 79.

Dated December 4, 1935.

Two Children Hurt As Cars Crash Here

A rear-end collision on El Camino Real near Wilson street between cars of E. L. Clayton, of the Crocker First National Bank in San Francisco, and Joseph Camacho, also of San Francisco, at 4:15 p.m. Sunday brought slight injuries to Antionio Rasorio, 5, and Priscella Rasorio, 10, both of San Francisco. They were given emergency treatment here before being taken home.

In two other week-end accidents in Redwood City, one at 2 p.m. Sunday on El Camino Real at Broadway and the other Saturday afternoon at Vera and Fulton streets, none was hurt.

Social, Probation Workers Plan Meet

Program plans have been completed for the five-county conference of social workers in San Jose December 10. San Mateo county workers will participate.

About 300 delegates are expected from this county and Santa Cruz, Monterey, San Benito and Santa Clara counties. The conference will be held jointly by the social workers and probation officers' association.

Black Succeeds To Presidency Of Power Firm

The new president of the Pacific Gas and Electric Company is James B. Black, widely known among California utility men and regarded as an able successor to the late A. F. Hockenbeamer, who died November 11. Black was chosen for the position at a meeting of the company's directors on November 20.

Formerly vice president and general manager of the Great Western Power Company of California, which was absorbed by the P. G. and E. in 1930, Black has been vice president of the North American Company for several years, with offices in New York. The wide financial experience gained here, and his previous operating experience coupled with his intimate knowledge of northern and central California, were among the factors leading to his selection.

Born in Sycamore, Ill., in 1890, Black moved with his parents to California when he was 10 years of age. He was graduated from Lick School in San Francisco in 1908 and from the University of California in 1912 as a mechanical engineer. He went to work at once for the Great Western Power Company as a service inspector and rose from one position to another, until he became vice president and general manager in 1922. Since the merger of 1930, he has been a director of the Pacific Gas and Electric Company.

Wood's Tavern Sale To S. F. Man Planned

Sale of Wood's Tavern on El Camino Real by Mr. and Mrs. Tom C. Wood to W. G. West of 641 Post street, San Francisco, is planned for December 10 at 10 a.m. in the Palo Alto branch, Bank of America, it was disclosed Tuesday when a notice of intended conditional sale was filed with Recorder T. C. Rice. Amount involved in the sale was not revealed.

Also filed with Recorder Rice were two deeds covering property in Burlingame and Hillsborough. For $10,000, according to stamps affixed, Mr. and Mrs. Ransome M. Cook have sold their Burlingame Park home to Martha K. Roberts. For $16,000, the Hillsborough Park Investment Company sold a home to Bella Lengfeld.

H. M. Power's Death Apparently Suicide

A terse dispatch by Associated Press from Cebu, Philippine Islands, Monday gave cause of death of Harold M. Power, former superintendent of the Pacific Portland Cement Company plant here, but failed to explain the reason definitely.

Said the dispatch:

"H. M. Power, superintendent of the maga plant of the Cebu Portland Cement Company, was found dead in his home, a bullet through his heart. A pistol lay near by. No motive for a suicide was known."

News of the death of Power was received here Friday in a brief telegram. Power lived here for five years until 1930. He leaves a wife and two children, a father, two brothers and two sisters.

Belle Haven Tract Sold for $300,000

(Special to The Tribune)

BURLINGAME, Dec. 2—Sale has been made of the entire Belle Haven tract of 542 acres just south of Redwood City on both sides of the Bayshore highway to Harry Friend of Burlingame for approximately $300,000.

Friend plans to build 4-room cottages to sell at not more than $3000 each, starting immediately after the first of the year, he said.

Rhodesia will establish a mining school, with practical work in a gold mine.

HEADS UTILITY

James B. Black, widely known among California utility men, is the successor to the late A. F. Hockenbeamer as president of the Pacific Gas and Electric Company. Black was born in Sycamore, Ill., 45 years ago, and was graduated from Lick School in San Francisco and the University of California.

Three cats that entered a burning racing stable in Acklington, England, to rescue their kittens, perished in the flames.

County Building Is Half Million For Five Months

Building in the unincorporated areas of San Mateo county continued at a lively pace, Inspector William Watson Jr. reported to the board of supervisors today in revealing that during November $107,350 in permits was issued.

This brings the total for the five months of this fiscal year to $506,150, according to Watson. A year ago November's permits totaled but $34,459, and the total to date at that time was but $221,658.

So great has been the business of the department that already this year $3269 in fees have been collected—more than enough to pay expenses of the department sofar. Budget for the entire year is only approximately $5300.

This year's total came from 396 permits. Each permit results in about eight calls, Watson estimated, meaning that he and Asst. Al Russell have made some 3000 visits to building in five months.

Besides building duties, Watson's department collects plumbing and electric fees from contractors, resulting so far this year in $974 being collected.

(Redwood City Permits, Page 3)

Lake Champlain, which lies between New York and Vermont, is about 125 miles long and covers an area of about 600 square miles.

It's fun to save for a Merry Christmas!

Pitschke Heads Publisher Group For Year 1936

W. E. Pitschke, publisher of the Daly City Record, was selected Monday as president of the San Mateo Press Association for the coming year. He succeeds A. B. Cargill, publisher of the Burlingame Advance Star.

Sam Winklebleck, publisher of The Tribune, was elected vice president to succeed Harry Elston of the San Bruno Herald and L. E. Harris of the Menlo Park Recorder was named secretary-treasurer to succeed Mrs. Ann Brubaker of the San Mateo Times.

The meeting was held in Daly City, Mr. and Mrs. Pitschke acting as hosts. Mrs. Brubaker, formerly Miss Ann Frahm, was presented with a wedding gift from the association.

The association also presented the retiring president with a gift.

Fox Tells Exchange Club of Prison Visit

Jack Fox, Exchange Club member, told his fellow members last Tuesday at the club's weekly meeting at the Sequoia Hotel of a recent visit to San Quentin prison where he accompanied Frank Griffin, Sequoia high school athletic director, who gave a travel talk to the prisoners.

Next week, the Exchangites decided, no program will follow the club's dinner and members will go en masse to the light opera, "H. M. S. Pinafore."

Following the election of officers, Ed Wilder, manager of the San Francisco office of the California Publishers' Association, spoke on the National Security Act and other matters pertaining to the newspaper business.

The next meeting of the association will be in San Bruno January 6, at which time the new officers will be installed.

Own Car Runs Over Hillsborough Woman

(Special to The Tribune)

SAN MATEO, Dec. 4.—Run over by her own car, Mrs. William E. Jones, 40, of Hillsborough, was treated for a bruised leg at Mills Hospital.

While driving in Hillsborough she found she had lost her gloves. She stopped the car to see if they had fallen on the running board of the machine.

Getting out of the car, she fell, one leg going under the car. Just then the emergency brake apparently slipped and the car rolled back, passing over the woman's leg and smashing into a garage.

SEWER PAYMENT MADE

SAN MATEO, Dec. 2.—First installment, $11,282 of an eventual $44,000 due, was received today by City Manager E. P. Wilsey as the initial WPA payment on the city's new sewer system.

DEPOT AREA IMPROVEMENT IN PROSPECT

James or Montgomery Outlet May Soon Be Provided

Acting City Manager Charles Dimmitt informed the city council Monday night that the Southern Pacific is expected to give favorable consideration to a plan for improvement of the depot property.

Dimmitt said that Southern Pacific Division Superintendent Jordan came in to see him recently with clippings calling attention to the need for the improvement and asked what was contemplated.

The railway spokesman said that some plan could probably be worked out for giving the commuters better parking facilities but that merchants could not expect the railroad to provide their parking space.

Councilman Paul McCarthy suggested that the curb at Montgomery street might be opened for the present, and Engineer Dimmitt said he would give some attention to the question of providing an approach from James avenue.

BERKELEY MAN APPLIES FOR MANAGER BERTH

J. M. Long, youthful assistant city manager of Berkeley, introduced himself to the council and announced that he would make formal application for the post vacated by the resignation of City Manager Ernest Rolison.

Long has been recommended to the council by City Manager Hollis Thompson of Berkeley. Thompson said that Long would be granted a leave of absence from Berkeley to fill the post to next April, after which, should the council as then constituted not desire him, he would be given his old job back again.

ELECTRIC DECORATION COSTS GIVEN COUNCIL

City Electrician Mark Ryan informed the council that the cost of installing electric light streamers across 13 blocks from El Camino Real to Maple street on Broadway and Main street would cost $3250.

It was agreed this cost could not be met by the city at this time, but the council expressed its willingness to assist with the streamers in any block in which the merchants were willing to put up 75 per cent of the cost. It is hoped that a start could be made on this installation soon.

AIRPORT HANGAR CHANGES APPROVED

Changes in the hangar construction on the Redwood City airport project which will reduce the cost of construction about 25 per cent were given the approval of the council at the request of Cliff Walk, airport manager.

Walk also informed the council that he was resuming negotiations with M. F. O'Dea, owner of the property, which would permit the city to extend the proposed 2-year lease to five years.

FORECLOSURE ACTION COMING IN JANUARY

Foreclosure steps against persons on whose property 1915 act bonds have been defaulted will be undertaken about January 1, the city council agreed.

Councilman James Eva pointed out the necessity of taking these steps in keeping with the 1915 act debts refinancing plan.

Authorization for City Attorney Albert Mansfield to bring a test suit of the validity of the act under which Redwood City voted $425,000 in bonds to refinance the 1915 act debt was given.

BEECH CLOSING NOT OPPOSED

No opposition will be voiced by Redwood City on the closing of Beech street, the board agreed, after defeating efforts of the state railroad commission to close Maple, Chestnut and Cedar streets were defeated.

Rezoning for business uses of the former Crozier property on Arch street, between Broadway and Brewster, was approved.

Sponsorship of improvements at the Veterans Hall in Mezes Plaza to be done with county and federal funds and not at city expense was accepted by the council at the request of Maj. H. W. Edmonds of the United Veterans Council.

The controversy between the city and R. N. Buben, 61 Avondale avenue, over the maintenance of two dwellings one one lot was declared a "closed incident" after Buben appeared and discussed the matter with the board.

The sum of $75, an increase of $25, was voted to the Red Cross in an appeal by Wayne Millington.

Deed from the Tacoma Mill Company for a right of way for the Pulgas sewer project was accepted.

Sanitarium Ordinance Tentatively Approved

An ordinance regulating sanitariums in Belmont was tentatively agreed on Tuesday when members of that city's council and representatives of three of the institutions met in the Redwood City offices of Albert Mansfield, Belmont city attorney. The ordinance, to be presented at the council meeting December 23, will keep unguarded patients off the city streets and generally regulate conduct of the sanitariums, Mansfield said.

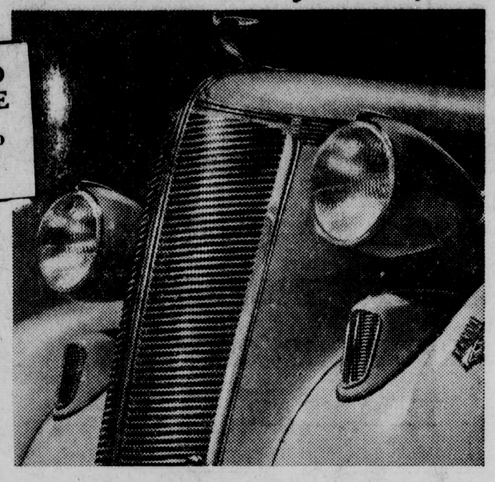
ROLISON ON NEW JOB

Associated Press dispatches to The Tribune report that Ernest A. Rolison, resigned city manager of Redwood City Tuesday was getting acquainted with his new duties in Washington, D. C., as assistant to Morris L. Cooke, chief of the Rural Electrification Administration.

DE SOTO HAS SENT ME THE SMARTEST CAR IN AMERICA

My New De Sotos have Arrived . . . and Plymouths, too!

MY DELIVERED DE SOTO PRICE $695 AND UP F.O.B. Detroit



EARLY THIS FALL I PROMISED to have the most beautiful car you ever laid eyes on . . . right after the Auto Shows. I knew the 1936 De Soto was going to be a marvelous car. But, honestly, I never expected anything like this. Its smart features . . . its long, racy lines . . . the luxury of its interior . . . its living-room comfort . . . just took me off my feet. But I can *show* you better than I can tell you. Let me drive this new car out to your home.

1936 DE SOTO

A PRODUCT OF THE CHRYSLER CORPORATION

MY 1936 PLYMOUTHS ARE ON DISPLAY You'll agree they're the most beautiful low-priced cars ever built. They're longer, lower, wider than ever before. 40 big new improvements.

5,000 SUCCUMB TO TUBERCULOSIS

Preventive Work Told In Appeal to Buy Yule Seals

"Tuberculosis filled five thousand graves in California last year," said Mrs. C. W. Martin, treasurer of the San Mateo County Association for Prevention of Tuberculosis, in an announcement today urging the purchase of Christmas Seals. She said:

"Fully 50,000 persons are at this moment actively sick with tuberculosis in California, more than enough to populate every city and town in San Mateo county.

"Serious? Yes, but what makes tuberculosis a really dangerous enemy is that it strikes hardest those in the prime of life. Cancer, pneumonia, heart disease, destroy life mostly in the older group. Tuberculosis picks the greatest number of its victims from a group aged 15 to 45, when life is most precious and useful. Among them are students in high schools and colleges, parents of young children, wage earners, business leaders, artists and musicians.

"We cannot afford an annual loss of thousands of these groups. If our own are among them nothing can repay us. Besides the loss of life there is to be considered the blight to those who manage to recover. For months or years they are forced to a life of inaction. Their eager ambitions must be curbed. Worry about the outcome of the disease torments them. Such experiences scar the spirit.

"And the taxpayer, whose threshhold may never be darkened by the shadow of tuberculosis, pays his share, for the treatment which we owe to the thousands in need of care increases the tax burden.

"We must never relax our efforts to drive the enemy out."

INCINERATOR FINES SET

BURLINGAME, Dec. 4.—Complaints that incinerators were being used in Burlingame in hours other than the 9 a. m. to 12 p. m. period set by ordinance caused the council to establish a minimum fine of $250, maximum, $500, for offenders. For a third offense, the council decided, incinerator permits would be canceled.

SEQUOIANS WIN, LOSE IN DEBATES

Sequoia debaters won over Palo Alto and lost to Los Gatos in the debates which Tuesday opened the peninsula forensic season.

Upholding the affirmative of the question: "Resolved that congress be empowered to regulate commerce within the states as well as among the states," Alfred Newman and Bill Grant defeated Robert Peckham and Melville Mack, representing Palo Alto, by a vote of 2-1 in the Sequoia auditorium.

At Los Gatos Byrne Pike and Alfred Glathe were adjudged losers. They upheld the negative side of the same question. The vote was 3-0.

Next debate engagement of the Sequoians will not be known until following a meeting of the league at Palo Alto March 11. The opponent will be selected by William Carr McInnes, president.

Judges of the debate held in the Sequoia auditorium were all Stanford debaters. Edward Lindblom and Gerald Marcus voted for Sequoia, Max Sittenfeld for Palo Alto.

Coach of the Sequoia teams is Alberta Reibenstein.

LEGAL

NOTICE OF TRANSACTING BUSINESS UNDER FICTITIOUS NAME

TO ALL WHOM IT MAY CONCERN:

Notice is hereby given that the undersigned, DANIEL R. STAFFORD and CAMILLA M. STAFFORD, are transacting business in the City of Redwood City, County of San Mateo, State of California, under the name of "STAFFORD REALTY COMPANY;"

County Clerk.
By PAUL L. JOHNSON,
Deputy Clerk.

Nov. 22, 29; Dec. 6, 13, 1935.

DELINQUENCY SEEN AS MUCH SMALLER

8 Per Cent Is Added Warn Officials After Tomorrow

With tomorrow final day for payment of first installment taxes without penalty, a rush of business was being "enjoyed" in both city and county tax collecting offices today.

Swelling receipts this year have been payments by public utilities. But citizens also appear to be paying more promptly this year, with the prospect the delinquency will be even lighter than last. Figures from either office cannot be obtained until after the books are closed.

Ambrose McSweeney, county collector, predicts confidently that the delinquency will be considerably less than last year's, which was less than 9 per cent.

The same is believed to be true at the city office in the city hall, according to Mrs. Nelle Miramontes, collector.

Penalties to be added if taxes are not paid on time are 8 per cent on the first installment until April 20, at which time an additional 3 per cent is added to the first installment and 3 per cent to the second if unpaid.

7 LIQUOR SUPECTS MUST FACE TRIAL

Old Mansion Holding Equipment Raided By Federals

The federal grand jury in San Francisco has indicted seven Redwood City and Palo Alto men on charges of operating unlicensed stills in the vicinity of this city and east of Palo Alto, the Associated Press reported Wednesday.

Guido Roggi, Silvio Papini, Emelio Bedini and Mario Moffati Morretto were accused of running a still in an old mansion south of Redwood City at the Warrington street and Alameda avenue intersection. They were arrested by federal officers September 12.

Another indictment charged Joe Faro, Tony Leo Silva and Gino Moretto of operating a still June 10 on a ranch at Conley avenue and Bay road, east of Palo Alto.

The arrival of twins is such a rare event in Uganda that the occasion is made a festival.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

Actress Explains Shakespearian Plays

Irene Tedrow, portrayer of Lady Macbeth and other feature roles of the Globe Players who were featured two years at the Chicago exposition and are now presenting their "Shakespearian miniatures" in San Francisco, spoke today to the Sequoia underclassmen at an assembly in the school auditorium and will repeat her talk tomorrow to the seniors and juniors.

The Globe players, Miss Tedrow told the students, strip Shakespeare's play to their fundamentals, amputating side plots and all extraneous matter.

Thus economy is the keynote of the productions, the actress explained.

She maintained the beauty of the plays was not lost in this "cutting down," but that stripping the plays of "padding" only speeded up action and made them more thrilling.

Miss Tedrow will address the upperclassmen at 10 a.m. in the auditorium.

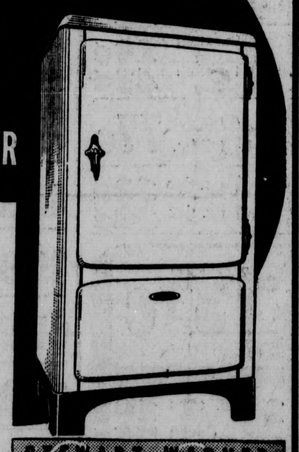
A MODERN ELECTRIC REFRIGERATOR



SAVE $40 on these De Luxe STEWART WARNER Refrigerators

December brings you the year's greatest bargain in refrigerators. Not an unknown make . . . not from a firm now out of business—but Stewart Warners! Superb in construction, perfect in design, marvelously efficient—and at a $40.00 saving. Ordinarily this model sells for $139.50. Hundreds of stores are selling them at that price. But we offer them at practically wholesale—you pay only $99.50. And of course the time payments are generously spaced out so that you can include them in your regular budget.

Here is all you want in any refrigerator . . . lots of ice cubes, a trouble-proof mechanism, the safety-zone in temperature, and ample space for food storage. A small deposit will reserve one for Christmas. This year buy a gift for the whole family—a gift that gives years of service, a gift that saves money every month of the year.
